- Other 5%

What are priority areas or emerging issues in food-health that could contribute to improving the health of consumers?

Top responses:

- Obesity
- Food security
- Media delivered information
- Labeling/consumer education
- Health claims
- Sodium
- Fiber

97% responded that PPP would be useful to address these problems What are top **barriers** for industry, academia and govt collaborating financially on food-health research?

Top responses:

- Finding and developing a relationship with a potential partner
- Conflict of interest
- Poor alignment of interests/goals amongst partners
- Stereotypes (academics are slow; govt is bureaucratic; industry is profit oriented)

What are top **opportunities** for industry, academia and govt collaborating financially on food-health research?

Top responses:

- Strengthen evidence for action, credibility, nutrition literacy
- Improved knowledge exchange
- Improve awareness of each other
- Developing better nutritious foods
- Access to new funding sources Pooled resources

#### Please Rate Your Knowledge of PPP for:

	Poor	Good	Excellent
AAFC	80	12	8
CIHR	48	45	7
NSERC	66	32	3
Other	45	27	27

84% Responded that these programs were of interest to their industry/organization

### Creating Solutions and Opportunities

- Make it easy
- Facilitate interaction
- Better communication
- Break down silo's & stereotypes

## Survey Conclusions

- Appetite and interest for PPP
- Recognition of need to make PPP work
- Not sure how it works and whether "I" fit
- Recognition of potential benefits for consumers/KT and knowledge generation/innovation

# Workshop Goals

- Share and exchange knowledge
- Think about what success might look like after this meeting
- Contribute to breakout discussion
- Think practically and outside the box

# Which of these two types of PPP would be of interest?

23% Project Specific
9% Pre-Market
52% Both
11% Neither

In your opinion do you feel there is support at provincial/federal level for PPP in nutrition?

57% Yes 43% No

#### Do you have experience with PPP?

# 64% indicated no experience

# 52% interested in project / premarket PPP
