FOOD FOR HEALTH PRE-CONFERENCE WORKSHOP

TECHNOLOGY AT THE INTERFACE BETWEEN FOOD AND HEALTH

THURSDAY, MAY 2, 2019
8:30 - 16:30

WORKSHOP OBJECTIVES:

- Recognize cutting-edge technologies used for nutrition and health promotion
- Explain technologies integrated within the food system
- Identify regional aspects of technological adaptation within the over-arching food for health system
- Interpret technology partnerships that have formed to advance understanding of food composition
- Appreciate the role of technology towards a sustainable food system
